POLICY FOR GREEN CAMPUS

The institution is striving to develop a self – sustainable basis in the areas of power, water and cleanliness by

- Creating awareness about environmental issues among students and employees including climate change.
- Measuring and reducing environmental emissions/ footprints.
- Adopting methods for waste segregation.
- Encouraging paperless work culture and recycling/ reuse of paper.
- Reducing hazardous waste and its management.
- Conduct an Annual Green, Environment and Energy audit.
- Promoting some projects/experiments in the education system as part of regular curriculum which is related to environmental aspects.

The faculty, staff and students are encouraged to contribute collectively to develop an eco-friendly sustainable campus and disseminate the concept of ecofriendly culture to the nearby community and wherever possible.
